

CERTIFIED WARRANTY COVERAGE WHEN DRIVERS NEED IT

Vehicle Protection

New or used, breakdowns happen

A new-to-you vehicle from a dealer can happily carry you for many miles to come. Certified Warranty coverage is an excellent way to ensure protection against unexpected repair costs for a certain time and mileage period when purchasing a previously owned vehicle.

Our Certified Warranty offers valuable coverage that includes the most important and potentially expensive parts of the vehicle: the engine, drivetrain, and transmission.

Our protection doesn't stop at 4 wheels! We provide coverage for powersport vehicles (on and off-road) and commercial trucks.
